

# Analyze it! Objects

Notice the label. What information is shared on the label?

What is a proprietor? Why is his name on this object?

Who would have used this box and why? What were they supposed to do with it when they were finished?

What do you use today that has a similar purpose to this object? What is different about what is used today?

What do you notice about this word? What does it tell you about the purpose of this object?

Does this box look like you would use it once and throw it away? Or would you reuse it? How do you know?

What kind of material was used to make this object? What does that tell you about when it was made?

Where is this farm located? Is it still operating as a farm? How could you find out?
