CALENDAR FUN IN EVERY MONTH!

There are so many fun things to do in New Hampshire! There is something to do every month. What activities do you and your family do? Are there special trips that happen only once a year?

Write as many fun activities as you can in the space allotted for each month.

A circular calendar template. The center of the circle contains the names of the twelve months: JANUARY, FEBRUARY, MARCH, APRIL, MAY, JUNE, JULY, AUGUST, SEPTEMBER, OCTOBER, NOVEMBER, and DECEMBER. The months are arranged in a clockwise direction starting from the top. The outer ring of the circle is divided into twelve equal segments, one for each month, intended for writing activities.
