

NAME: _____

PREPARING FOR CAMP LIFE

Thousands of New Hampshire soldiers fought in the Civil War. When it came time for the men to leave their families and join their regiments, they had to think about what was necessary to pack for the journey.

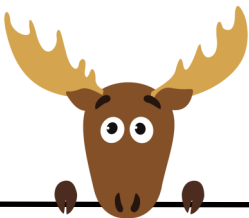

Think about the questions in each of the boxes and brainstorm some ideas on which items to pack. Then draw one of the items you list.

What kinds of clothing should you pack?

What kinds of food should you pack?

What types of equipment should you pack?

What items would you bring for entertainment?
