## Notice & Wonder

1. Which city was the largest city in New Hampshire in 1840, 1860, 1880, 1900, and 1920? Was it the same city, or did it change over time?
2. In which year did Nashua become the second largest city in the state?
3. Which of these cities has always been the smallest?
4. Can you find these cities on a map? Which natural resources are located near these cities and might have helped them grow bigger during the Industrial Revolution?
