

NAME: _____

BRAINSTORM! HUMANITIES TO GO PROGRAMS

The Humanities To Go program through New Hampshire Humanities brings speakers to communities all over the state. Speakers in the program discuss a variety of topics, all to do with New Hampshire's history and culture.

Imagine you have been asked to be a speaker in this program. What topics in New Hampshire history would you like to talk about? What parts of New Hampshire's history or culture do you think people should know more about? Draw more lines if you need.
