

NAME: _____

BRAINSTORM: ABENAKI TOOLS

Thousands of years ago, the Abenaki did not have access to metal tools like we use today. Instead, they relied on tools made from natural resources, meaning they used wood, stones, and parts of animals to create the tools they needed.

Brainstorm the tools you think were needed for hunting, fishing, gathering food, and cooking food. Then draw one of the tools you listed.

Tools for Hunting

Tools for Fishing
