## ***DESIGN YOUR OWN SETTLEMENT***

When English settlers first arrived in New Hampshire, they had to think about how they would design their settlement.

Imagine you have been given the task of designing a new settlement in New Hampshire. Is your settlement located near a body of water or in a forest? Where should the houses be built? Where should the settlers plant their crops? Where would the meeting house be located?

A large, empty rectangular box with a thick black border, intended for the student to draw their settlement design.
