

NAME: _____

BRAINSTORM! WHAT WOULD YOU BRING?

When the English settlers were preparing to establish a new settlement in New Hampshire, they had to think about what items they might need to pack for their journey.

Brainstorm some ideas about what you would bring to a new settlement. What supplies will you need while on the ship to New Hampshire? What tools will you need to help build the settlement? What food should you bring? What kinds of clothes should you pack? Draw more lines if you need.
