RECORDING HISTORY: WRITE A LETTER TO A FRIEND BACK HOME

Imagine you are one of New Hampshire's early settlers and have now lived at the Strawbery Banke settlement for six months. Write a letter to a friend back home in England about your experiences so far.

How would you describe your life in the settlement? What chores do you do each day? What do you miss most about life in England? Would you try and convince your friend to move to a New Hampshire settlement too?
