Notice & Wonder

1. How do you think the lives of the Abenaki changed once they had cloth and metal goods?
2. How do you think the lives of the English settlers changed once they had furs, animal hides, food, and a greater knowledge of the land?
3. Of all the items on these lists, which one do you think is the most important? Why?
4. If you had to trade with other people for things you needed, what would you offer to trade? And what would you need to get from someone else?
