## **RECORDING HISTORY: THE NH CONSTITUTION**

When the New Hampshire Constitution was written, the delegates needed the people of New Hampshire to accept the document in order for it to be adopted and made into law.

Imagine you are one of the delegates at the New Hampshire Constitutional Convention. Write a persuasive letter to your friends back home about why you think the people of New Hampshire should accept the state constitution. Why is having a constitution so important? What might happen if New Hampshire doesn't have a government, or any rules in place, at all?
