

NAME: _____

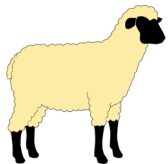

FIND YOUR WAY: WANDERING SHEEP

During the Great Sheep Boom, almost every New Hampshire farmer kept a flock of sheep and sold the sheep's wool to textile factories. Farmers wanted to make sure that their sheep were kept safe, so they built stone walls around their lands to keep the sheep from wandering away.

Oh no! One of Farmer Mason's sheep has jumped over the stone wall! Can you figure out this maze to bring the sheep back home?
