FOR STUDENTS

Units*

18 units that cover all of New Hampshire history, from the ice age to modern civics (unit plans included!)

*See the other side of this handout for more information about what's included in each unit

Timeline

Explore chronological thinking while following the big events in state and national history

Library

Collections of materials used on the site, including primary sources, explainer videos, biographies, infographics, activities, graphic organizers, and book lists.

FOR EDUCATORS

Teaching Social Studies

Learn more about why every student should take social studies, the four main disciplines within social studies, guidance on how to use primary sources, and key historical thinking and research skills.

Teaching Literacy

Explore the connection between literacy and social studies, get tips on teaching content effectively, and see the alignment documents for Moose x Amplify, which contains dozens of new lesson plans.

Resources

Links to projects, primary source sets, inquiry materials, virtual field trips, NH giant map, and National History Day.

Using the Moose

Resources to help you use the Moose, including webinars and tutorials, curated curriculum paths, and academic standards (Moose, state, and national). This section also announces Moose-related teacher training opportunities.

UNITS OF NEW HAMPSHIRE HISTORY

18 units covering all of New Hampshire history, from the ice age to modern civics.

Each unit is built around 2-4 focus questions and contains:

Each Learn It section includes:

- Infographics
- Explainer Videos
- Audiovisual Clips
- Pop-Up Vocab Words
- Historical Objects
- Fiction and Nonfiction Readings
- Maps
- Primary and Secondary Source Readings
- Photographs
- Biographies of Key Historical Figures
- Printable Activities
- Documents
- Charts and Tables
- Handouts Focusing on Historical Events and Aspects of Granite State Life

Don't forget the Unit Plan! Each unit plan contains: an extensive educator overview on the topic; focus questions and essential questions; additional resources for educators and students; multiple lesson plans that offer reinforcement and enrichment options and contain worksheets and resources. All lesson plans are aligned with state and national standards. Unit plans are found in the Educator section of the Moose site.
